HOW WE WORK

Each Youth Support Coordinator is dedicated to supporting up to 25 young people and 30 volunteers.

Young people may have more than one volunteer mentor.

They work collaboratively to guide and encourage young people from referral along a journey of empowerment of up to two years.

Mentors and young people typically meet weekly, but talk / message more regularly, especially when they are anxious or need additional support.

Employees and mentors organise and connect young people to a range of activities and resources. We have built strong partnerships, offering opportunities to the young people we support, allowing them to learn to cope and manage with everyday life, build their confidence, and develop the skills to re-engage with education, obtain work experience, employment and greater independence, thereby moving them away from risks associated with negative relationships or behaviour.

Support is person-centred using a range of tools dependent on their needs.

These include:

- 1:1 mentoring;
- Helping with education, especially access to functional skills learning;
- Helping with applications for jobs, training, benefits, IDs, residency;
- Signposting to other services such as food banks;
- Opportunities that build resilience and result in positive use of time;
- Activities that build positive social connections.

IMPACTS

- Increased confidence and sense of self-worth;
- Improved well-being, relationships, social skills and communication;
- Improved life skills such as financial management, cooking and hygiene;
- Increased meaningful use of time;
- Increased resilience.

OUTCOMES

- Reduced offending behaviour;
- Lowered risk of exploitation;
- Reduced alcohol and drug use;
- Improved mental health;
- Significant movement from Not in Employment, Education or Training (NEET) to in Employment, Education or Training (EET).

OUR STRENGTHS

We have a breadth of knowledge and experience working with young people, in particular, the needs outlined below although we work with a wide range of needs.

All our young people are experiencing at least one of these needs, however most experience multiple needs which compounds the level of risk they face.

At Risk of / Involved in Offending Behaviour

Some of our young people will have had involvement with the criminal justice system and be looking to move away from the revolving door of crime.

We offer non-judgemental support and opportunities to engage in positive activities away from potentially detrimental or negative influences.

Care Experienced

Care experienced young people are at the most risk due to their experiences such as 41% of care leavers aged 19- 21 years are not in education, employment, or training (NEET), compared to 12% of all 19- to 21-year-olds.

We work with care experienced young people to build confidence and resilience, widen opportunities and support with life beyond care.

At Risk of / Experiencing Exploitation

At risk young people are at particular risk of criminal, sexual, emotional and financial exploitation. The most common presenting need we support relates to county lines.

By showing positive alternatives such as routes into work and education, positive social networks and building resilience and confidence, we empower our young people with the tools to thrive as they move into adulthood.

Mental Health

There has been a significant rise in mental health challenges for young people in recent years. Almost two in three children and young people with a diagnosable mental health condition do NOT get access to NHS care and treatment.

We are there to provide community support for those needing our services where NHS care and treatment is inaccessible due to long waiting times or not meeting required thresholds.

Volunteer Mentoring

Many of our young people are overwhelmed by the number of professionals involved in their life. Volunteer mentors are a voice of reason there by choice not professional caseload. Volunteer mentors work with Caudwell Youth as a means of using their diverse skills and experience to have a positive impact on their local community.
